

Flywheel Bearing Inner Race Extractor

New!!!!

You won't find other dealers *copying* this tool in a hurry!

You'll never need to take a grinder to a £100 crank again. Designed to fit **both** GP and LI/SX cranks, this workshop tool removes the risk of damage to oil seal seating faces.

This replacement for the original workshop tool(s) has been precision engineered, with the collets hardened and tempered to 48 H.R.C to reduce risk of damage to the collet jaws. Collets are available as a spare part to ensure the longevity of the assembly.

Only £85.00 (+ postage & package)

New!!!!
